Electronics ForYou **expo**

PUNE 2024

16-17-18 MAY 2024

AUTO CLUSTER EXHIBITION CENTER • PUNE

CONFERENCE SCHEDULE OF EFY EXPO 2024

16 May 2024 (Thursday)	
CONFERENCE NAME	
Automotive Business Opportunities & Leadership Conference	
KEYNOTE (Open to Everyone) 10.10 - 11:00 Energizing Change: Powering Decarbonisation and Industry Evolution with Electronics –Ranjeet Bhelke, CEO, Kinetic Communication Ltd	
11.00 - 11.45 Driving Semiconductor Innovations for the Future of Green e-mobility —Sanjay Gupta, Chief Development Officer & Global Head of Engineering, L&T Semiconductor Technologies	
11.45 - 12.30 Driving Innovation for Next-Gen Automotive Electronics with power of Virtualization —Ankit Adhiya, Senior Manager Application Engineering, ANSYS India	
12.30 - 13.15 Fireside Chat: Making Emerging Automotive Tech India's Playground —Vineet Sahni, CEO, Fiem Industries Ltd	
LUNCH AREA IS OPEN FROM 13:00 - 14:00 LUNCH BREAK	
14.00 - 14.45 Fireside Chat: Designing EV Chargers For The World —Prem Prakash, CEO, Incharz By Servotech	
14.45 - 15.30 Fireside Chat: ADAS For India, Can We Do It Ourselves —Gagandeep Reehal, Co-founder & CEO, Minus Zero	
15.30 - 16.15 Fireside Chat: High Voltage EV Batteries, Can India Do It —Dr. Yashodhan Pramod Gokhale	
16.15 - 17.00 Accelerating EV Development with Virtual Prototyping —Anshul Gupta, Head of SMB Sales – Global, ESI Group	

17 May 2024 (Friday)	
CONFERENCE NAME	
Automotive Technology and Innovation in R&D Conference	
10.10 - 11:00: KEYNOTE (Open to Everyone) Shaping Future of Mobility: EV Trends and Infineon Solutions to address LEV Market —Girish Kamala, Sr. Director & Country Head Sales - Automotive, Infineon Technologies India Pvt Ltd	
11.00 - 11.45 Technology and Innovation in R&D in Batteries Venkat Rajaraman, CEO, Cygni Energy	
11.45 - 12.30 Accelerate Auto Electronics Development with Simulation and AI Driven Technologies —Manoj Menghrajn, Director-Business Development, Electromagnetics, Altair	
12.30 - 13.00 Game Changing Digital Solutions for EV Infrastructure Adarsh BU, Solution Consultant, Happiest Minds Technologies	
LUNCH AREA IS OPEN FROM 13:00 - 14:00 LUNCH BREAK	
14.00 - 14.45 Blockchain Technology in EV - Digital Battery Passport, Carbon Credit & EV Charging Payment Infrastructure —Kamlesh Nagware, Co-founder, FSV Capital	
14.45 - 15.15 Light Weight Product Design for EV Mohd Zakir Qureshi, Product Engineer, Adient India Pvt Ltd	
15.15 - 15.45 Generative AI on Automotive Industry —Pradipta Dash, Sr Solutions Architect, Amazon Web Services	
15.45 - 16.15 What's New with DevOps and TechOps for the Automotive Sector —Gaurav Hirani, General Manager, Jio	
16.15 - 16.45 Shaping Tomorrow: Visionary Approach to Industry Institute Fusion —Dr. Prasad Panda, Director Industry Relations, Vignan University	

18 May 2024 (Saturday)	
CONFERENCE NAME	
Electronics New Product Development & Manufacturing Conference	
10.10 - 11:00 KEYNOTE PANEL DISCUSSION (Open to Everyone) Innovations in Electronics New Product Development & Manufacturing —Sanjeev Keskar, CEO, Arvind Consultancy —Hrishikesh Kamat, CEO, Shalaka Connected Devices —Vijindra Gururaj, Senior Leader Innovation, GlobalFoundries —Dr. Dipak Gade , IoT and Manufacturing Operations Management Practice Head, Digital BU, Cyient	
11.00 - 11.30 Additive Manufacturing for the Automotive Industry and How it Affects NPd —Krishna Bhojkar	
11.30 - 12.00 Syrma SGS - Leading EMS & Design Company in India Sanjeev Kr. Pandey, VP Business Development, Syrma SGS	
12.00 - 12.30 Navigating India's Manufacturing Landscape: Challenges and Pathways —Vijindra Gururaj, Senior Leader Innovation, GlobalFoundries	
12.30 - 13.00 Augmented Reality in Manufacturing —Chaitanya Voolapalli, Principal Engineer, Commscope	
LUNCH AREA IS OPEN FROM 13:00 - 14:00: LUNCH BREAK	
14.00 - 14.45 Empowering Customization using RISC V based solutions —Bharaathe Malliah Gowder, Senior Director of Engineering, Blueberry Semiconductors	
14.45 - 15.15 Building your Digital Twins —Hrishikesh Kamat, CEO, Shalaka Connected Devices	
15.15 - 15.45 Deeptech Hardware with AI acceleration, Next Big Thing and it's Opportunities & Challenges in India —Ashwani Kumar Rana, CEO, Vanix Technologies Pvt. Ltd.	
15.45 - 16.15 Cloud Mfg: Shaping the Future of Automotive & EV Production —Karthikeyan Prakash, Co-Founder & COO, Frigate.ai	

Industrial IoT MasterClass

18 May 2024 (Saturday)

11.00 - 13.00

Workshop: How to Leverage Data and AI to Deliver Innovation for IIoT
 —Mukesh Jain, CTO, VP and Global Head, Capgemini

14.30 - 15.15

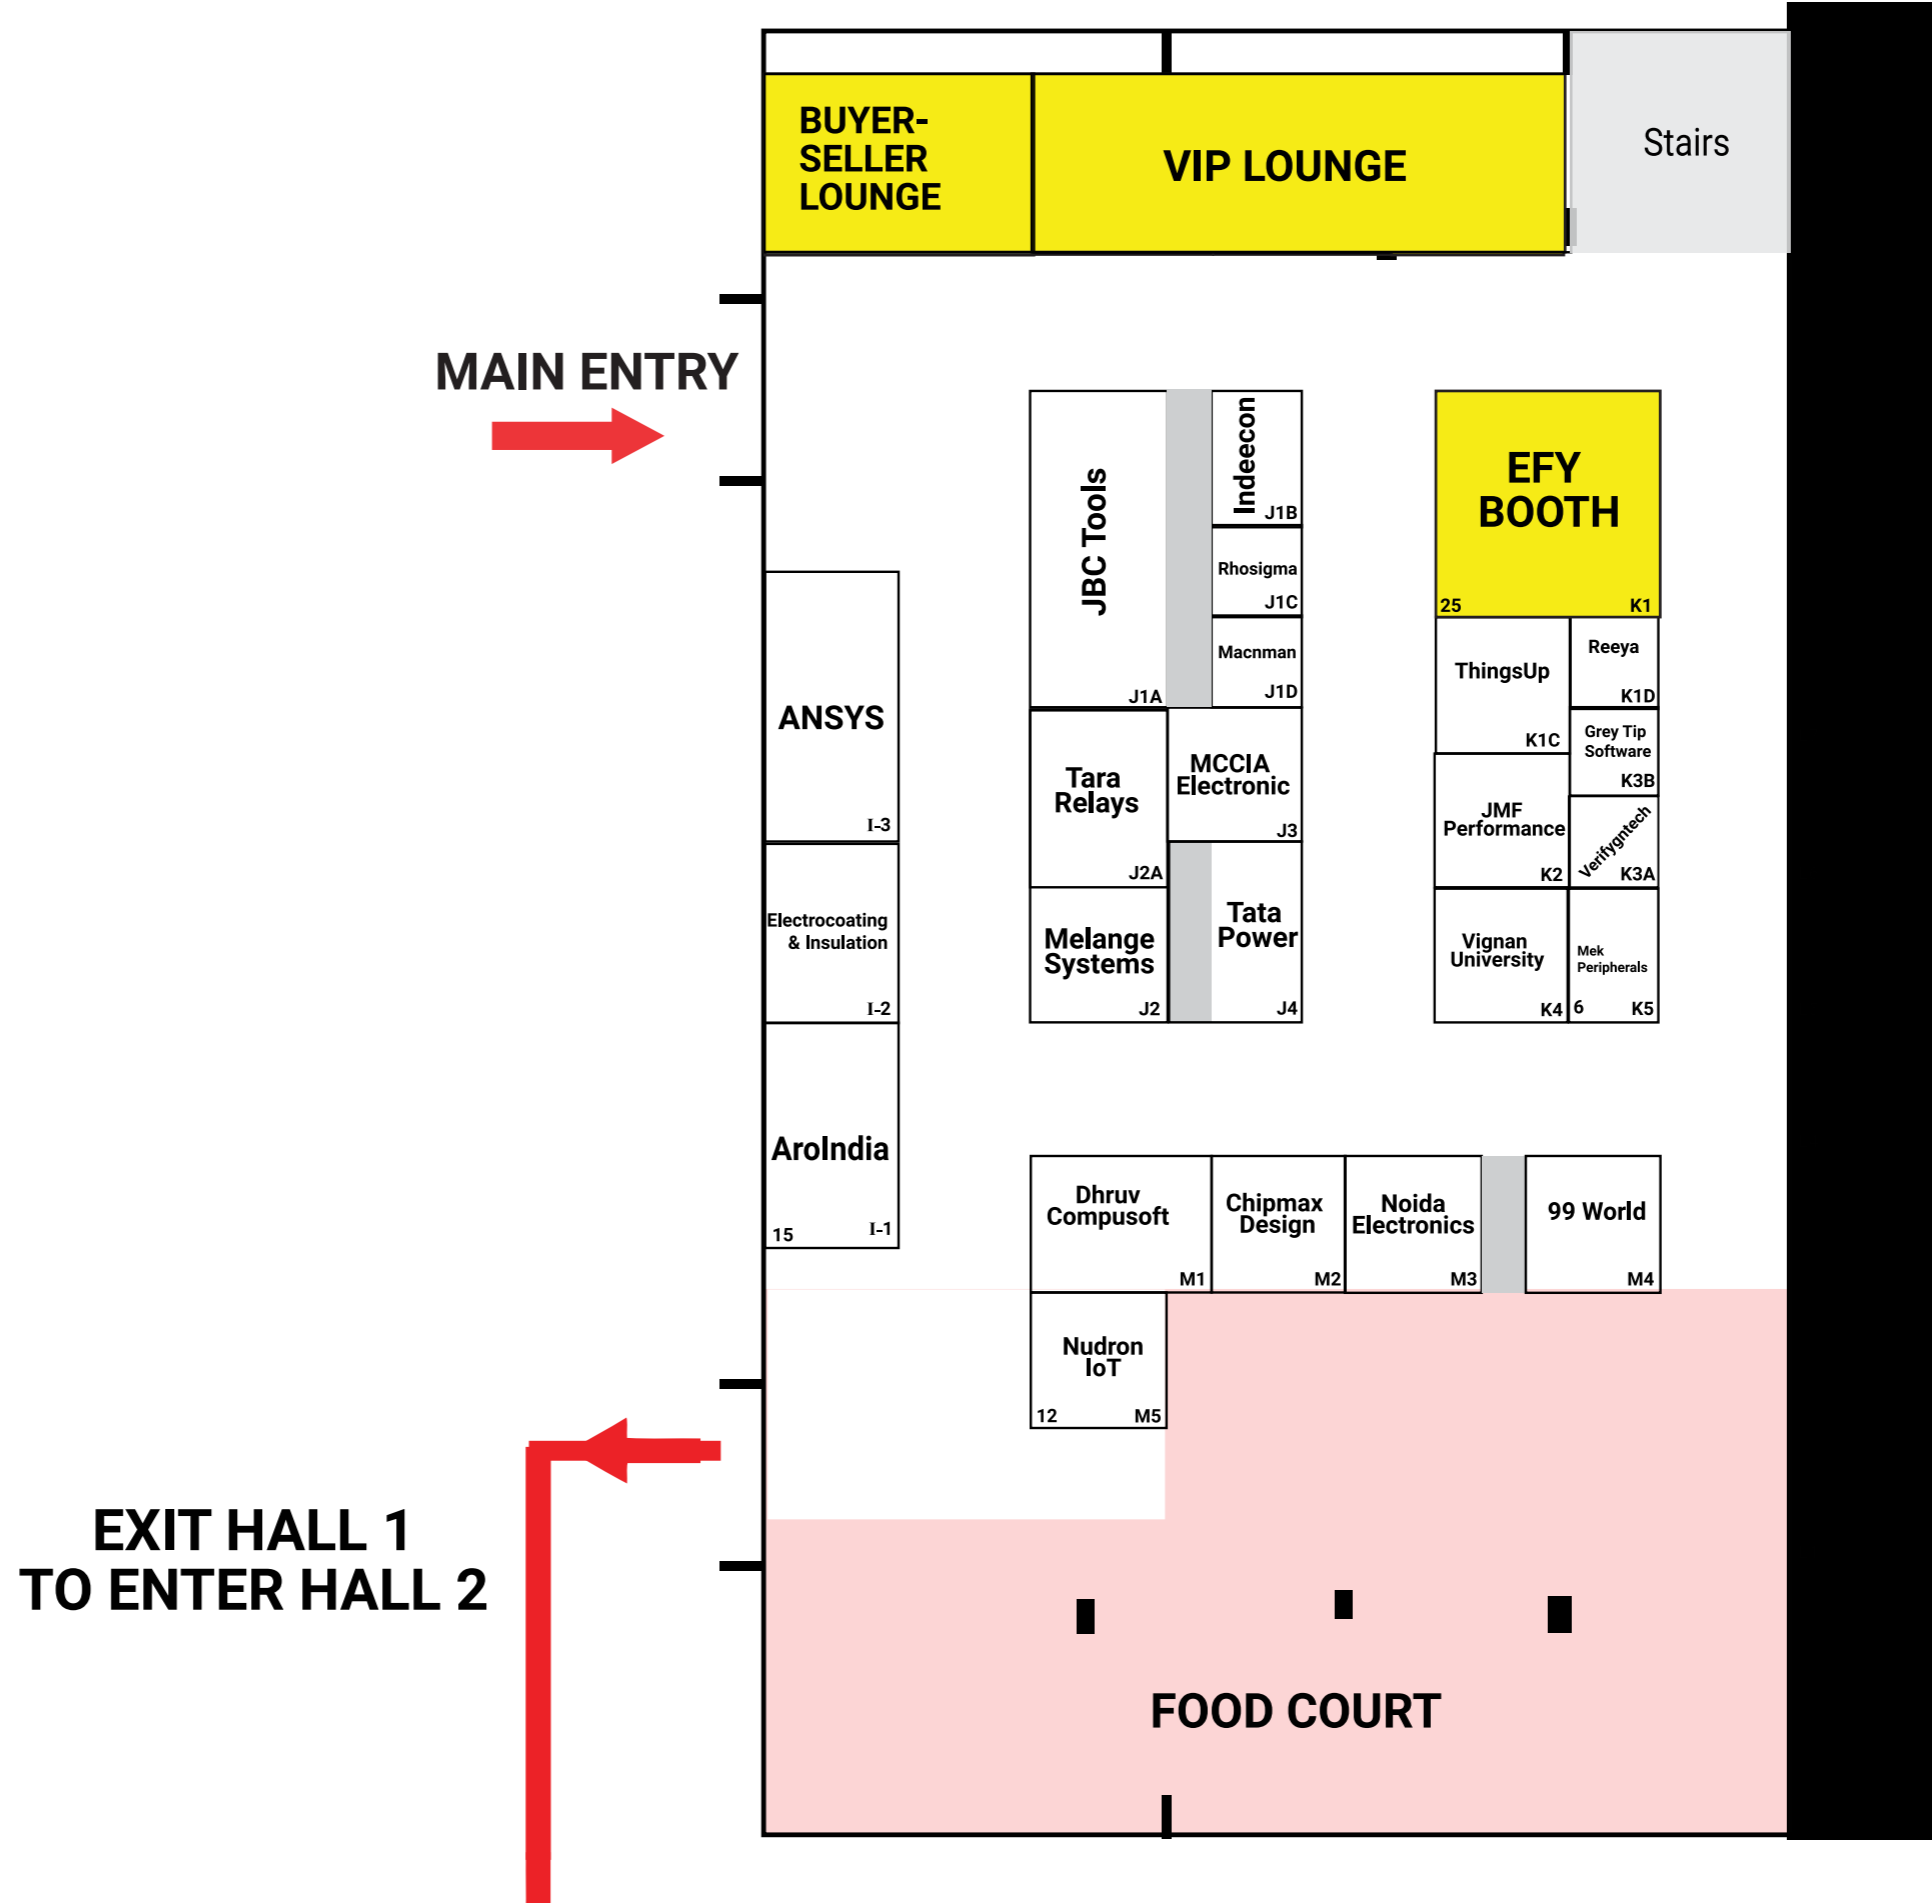

How AI and IOT can Improve Quality Inspection in Manufacturing
 —Kesava Prasad T D, Director, VerifygnTech

exhibitors

PROFILE

3D ENGINEERING

Booth No: F-11

Profile: 3D Engineering is a prominent engineering product solution provider that has expertise in CAD/CAM/CAE/PLM/Digital Manufacturing solutions. Our association with prominent brands like Siemens Industry Software, Ansys & EOS establishes 3D Engineering as the right technology partner for all industry verticals. We offer effective customer support services and are committed to deliver more value to our customers' businesses by providing better returns on their investments.

3D Engineering technology basket includes a) Siemens Industry Software: NX CAD, Solid Edge, CAM, Teamcenter and Tecnomatix. b) Ansys Solutions: Structural Mechanical, Multiphysics Simulation, Fluid and Electromagnetic (LF & HF) Simulation c) 3D Printing/Additive Manufacturing Machines for industrial Plastics and Metal Printing d) Engineering services – Product Design, CAE Simulation, Process Simulation and Digital Manufacturing.

99 ELECTRONICS WORLD

Booth No: M-4

Profile: 99 Business Media is a group of Business Newspapers, established in 1987, publishing Nine Business Newspapers. They are - 99 Machinery For You, 99 Auto Flash, 99 E-Vehicle, 99 Electrical World, 99 Electronics World, 99 Lighting World, 99 Food Mantra, 99 Agro World and 99 Plast Print Pack. The company has Pan-India Presence with Head Office in Delhi and Corporate Office in Mumbai and has 10+ Branches across the country.

AC POWER CORP.(PREEN)

Booth No: S4

Profile: Preen (AC Power Corp.) is a leading programmable power supply provider and has been developing products based on the core technology of Power Conversion. We have one of the broadest product line including Programmable AC Power Source, DC Power

Supplies, Renewable Energy Simulators, Power Supplies for Laboratory and Test & Measurement, Line Conditioners. Preen takes significant part in variety of market including Electric Vehicle, Renewable Energy, Home Appliance, and Consumer Electronics, Military, Aerospace, General R&D and EMC compliance testing. We provide diversified test solutions that complied with worldwide regulations to verify product's capability and reliability and ensure our customers only deliver top-quality products.

ALTAIR

Booth No: E9 -#024

Profile: Altair (Nasdaq: ALTR) is a global leader in computational science and artificial intelligence (AI). Our technologies are woven into the fabric of everyday life. Wherever you are, and whatever you are doing, Altair's solutions surround you – keeping you safer, more connected, and more productive. They can be found in big places and small – on highways, hospitals, and hockey rinks, in stadiums, skyscrapers, and subways, and in banks, bikes, and boats. For nearly 40 years, Altair has helped companies make smarter decisions in an increasingly connected and complex world by saving costs, reducing waste, accelerating time-to-market, improving business performance, and evolving to a data-driven culture. In solving our customers' toughest challenges and delivering unparalleled service, we are helping the innovators innovate, drive better decisions, and turn today's problems into tomorrow's opportunities.

Contact Details: marketing@india.altair.com | 020 6609 6518

ANSOL

Booth No: B19

Profile: An iso 9001:2000 certified company, ANSOL is a renowned manufacturer and exporter of quality solder and soldering products that include ultra pure tin solder bar, solder wire, rma rosin flux core solder wire, ra rosin flux core solder wire, water soluble flux core solder wire, no-clean flux core solder wire, lead-free solders for health & safety, rosin fluxes-flux type r, flux type rma, flux type ra, urea flux core solder wire, water soluble flux, special purpose liquid flux, organic acid flux, inorganic acid flux, aluminium soldering flux, no-clean soldering flux, flux pastes, general purpose flux paste, electronic grade flux paste, no-clean flux paste. With over three decades of experience, we have attained specialization and offer perfect solutions for all the soldering needs of our customers.

Contact Details: sales@solderwire.co.in

ANSYS

Booth No: I-3

Profile: When visionary companies need to know how their world-changing ideas will perform, they close the gap between design and reality with Ansys simulation. For more than 50 years, Ansys software has enabled innovators across industries to push boundaries by using the predictive power of simulation. From sustainable transportation to advanced semiconductors, from satellite systems to life-saving medical devices, the next great leaps in human advancement will be powered by Ansys. Take a leap of certainty... with Ansys.

Website: <https://www.ansys.com/>

AROINDIA ELECTROMECH PVT LTD

Booth No: L-1

Profile: AROINDIA ELECTROMECH PVT. LTD. made its presence Since 2011, with the cooperation of Aadi International. We, Aroindia Electromech Pvt. Ltd., have emerged as a key player, indulged in designing and developing superior quality Electronic and Electrical Products. Being a Manufacturer and Trader, we offer a variety of products including Soldering Equipment, Soldering Stations, Solder Pot, ESD Mats and Tiles, Static Discharge Pole, ESD Turnstile, SMT Magazine Rack, ESD Gloves, Finger Cots, Glue Dispenser, Label & Tape Dispenser, Spring Balancer, ESD Chairs and Stool, Tip Temperature Meter, ACL Staticide ® USA and others. These products are well reckoned in the competitive market for their outstanding performance, longer functional life, high accuracy, fine finishing and modern design.

Website: www.aroindia.com

AUTOMATE

Booth No: B - 10

Profile: Distributor of Test & Measuring Instruments

Website: www.automateindia.co.in

BINITA TRADING CO

Booth No: S5

Profile: We are raw material providers for PCB - namely Copper Clad Laminates, Alcl, PCB Inks, V grooving blade, Karlson pin, AL entry board, HDF, MDF, Drill bits, Copper measuring instruments.

Website: WWW.BINITATRADINGCOMPANY.COM

BLUE SKY INFOSYS

Booth No: S-15

Profile: Blue Sky Infosys

Website: <https://www.blueskyinfosys.com/>

BYTEBEAM

Booth No: E1B

Profile: Bytebeam- End-To-End cloud backend solution for all kinds of IoT devices. Device management, fleet operations, OTA and configuration updates, Remote commands, Remote debugging, Real time monitoring, Sensor data visualizations and fleet dashboards, Alerts & Notifications, Geofence. Basically everything that an IoT project requires.

Website: <https://bytebeam.io>

CARL ZEISS INDIA (BANGALORE) PVT. LTD.

Booth No: A-2

Profile: Industrial Metrology

Website: http://www.zeiss.co.in/industrial-metrology/en_in/home.html

CHIPMAX DESIGNS PVT.LTD

Booth No: M2

Profile: NeoDen India Established in 2013 distributes SMT Pick and Place machines Production Line for the manufacture of integrated circuit boards via Surface-Mount Technology (SMT) which includes Multi Stage Reflow Ovens, conveyors, Solder Paste Stencil Printing systems. Internationally the NeoDen brand leads the field in exceptionally

affordable, professional-level SMT (Surface Mount Technology) manufacturing systems. Almost every product category in the electronics industry now uses SMT circuit boards. NeoDen India is based at Bangalore, Karnataka with regional offices at Mumbai, Ahmedabad and New Delhi. Neoden India distributes SMT Pick and Place machines Production Line for the manufacture of integrated circuit boards via Surface-Mount Technology (SMT) which includes Multi Stage Reflow Ovens, conveyors, Solder Paste stencil Printing systems. Internationally the NeoDen brand leads the field in exceptionally affordable, professional-level SMT (Surface Mount Technology) manufacturing systems. Almost every product category in the electronics industry now uses SMT circuit boards.

CIRCUITWALA

Booth No: S11

Profile: Printed Circuit Board Manufacturer

Website: www.circuitwala.com

CMP PCB (THE MARKETING HOUSE)

Booth No: E-2A

Profile: - Name of the Company - CMP PCB , Shenzhen - Bharat Office - Pune (The Marketing House) - Layer Count - 1 Layer to 36 Layers - PCB Types - Rigid PCB , Flexible PCB , Flex-Rigid PCB, HDI PCB , RF PCB , MC PCB - Certifications - ISO9001-2015, ISO14001-2015, IATF16949-2016, UL , Canadian UL, ROHS - Order Qty - Minimum - 5 Nos , Maximum - No Limit. Important - Our Pune office will import for you & door deliver PCBs with INR billing

Website: www.themarketinghouse.in

CONINS PUNE

Booth No: S-16

Profile: CONINS has a strong presence in the Conformal Coating field, being recognized for its expertise. Our Acrylcoat Conformal Coating is widely embraced by the Electronics industry and has gained an outstanding reputation for its exceptional quality. Our headquarters are located in Pune, Maharashtra, India. We target customers from ALL OVER THE WORLD.

At CONINS, we boast a cutting-edge manufacturing plant and a well-equipped R&D facility that enables us to develop and test our products using entirely indigenous technology. Our team of highly qualified and experienced engineers supports these operations. Ensuring consistent quality is the hallmark of CONINS.

Website: <https://www.pcbconformalcoating.net>

DAIICHI JITSUGYO INDIA PVT. LTD.

Booth No: A3

Profile: "DAIICHI JITSUGYO INDIA PVT. LTD., a proud subsidiary of the esteemed Japanese trading entity Daiichi Jitsugyo Co., Ltd., stands as a beacon of excellence in the ASEAN region with its seven group companies.

Our team embodies a rare blend of profound knowledge, extensive experience, specialized expertise, and unmatched adaptability, setting us apart in the industry. We don't merely view our clients as customers; rather, we regard them as valued partners in our journey towards achieving optimal solutions, leveraging our abundant reservoir of know-how.

Together with our affiliated group entities

across the ASEAN region, we aspire to uphold our reputation as a globally trusted business partner. Our commitment extends to fostering trust and delivering unparalleled value to all stakeholders, especially our esteemed clients in the manufacturing sector.”

Website: <https://djkindia.co.in/>

Contact Details: shreyansh@djkindia.co.in |

DHRUV COMPUSOFT CONSULTANCY PVT LTD

Booth No: M-1

Profile: We at Dhruv, bring top-tier strategic consulting to your doorstep, offering expert guidance in assessing, planning, and implementing your manufacturing transformation strategy for a technology-leveraged, transformative journey.

Website: <https://dhruvts.com/>

DISCRETE CIRCUITS PVT. LTD.

Booth No: G3

Profile: At Discrete Circuits Pvt. Ltd., we are driven by a passion for excellence, a commitment to quality and a vision for a future where technology empowers and enriches lives. Our journey is guided by a relentless pursuit of innovation and a steadfast focus on delivering reliable solutions that redefine industry standards and elevate the overall customer experience.

Website: <https://discrete.co.in>

DWIN TECHNOLOGY'S

Booth No: S-23

Profile: The company was founded in 2003 at Zhongguancun, Beijing, China. Now, DWIN

Technology is headquartered in Beijing with a large manufacturing and service base whose total floor area is about 250,000 square meters in Taoyuan County, Hunan Province. The company has also set up regional marketing and application support centers at Beijing, Suzhou, Shanghai, Hangzhou, Changsha, Guangzhou and Shenzhen in China as well as overseas countries such as India, Poland, Brazil and the United States.

Website: <https://www.dwin-global.com/>

Contact Details: <https://wa.me/919326287988>

EAGLE AURA TECHNOLOGIES LLP

Booth No: F6-6sqm

Profile: We are a manufacturer for Printed Circuit Board (PCB) Single Side, Double Side & Aluminum PCB. We have in-house PCB Design and CAD-CAM Facility.

Website: <https://eagleauratechnologies.com/>

Contact Details: pcb.eagleaura@gmail.com | 7383848863

ELECTROCOATING & INSULATION TECHNOLOGIES PVT. LTD.

Booth No: I2

Profile: Electrocoating is an ISO 9001:2015 quality system certified company is engaged in manufacturing and selling of Epoxy, Polyurethane, Silicon and Polyester based formulations for more than 30 years. Products include Synthetic Resin formulations for use in Electrical & Electronics applications, protective coating of electronic and electrical devices, high electro-mechanical properties casting resins, Flame retardant Resins, Electrical & Electronic potting compounds, Polyesterimide Trickle Resins, Automotive battery applications, Silicon paint and cement for Resistors, etc.

Website: <https://www.electrocoats.com>

ELOGIC ENGINEERING SERVICES PRIVATE LIMITED

Booth No: E4

Profile: eLogicTech Edge is a versatile end-to-end solutions provider, offering a comprehensive array of services across the technology spectrum. With expertise in embedded hardware and software development, they excel in crafting tailored solutions to meet diverse client needs. Their proficiency extends to wireless communication systems development, ensuring seamless connectivity solutions for various applications. Moreover, eLogicTech Edge specializes in cloud integrations and applications development, enabling clients to harness the power of cloud computing for scalability and efficiency.

Website: <https://eltedge.io/>

ETEILY TECHNOLOGIES INDIA PVT LTD

Booth No: C1

Profile: We, Eteily Technologies India Pvt Ltd are established in 2017 are engaged in manufacturing, supplying, importing, retailing, wholesaling and trading a high-quality range of SMA Connectors, GSM Antenna, GPS Antenna. Offered products range consists of 3G Antenna Dealers, and BNC Connector. All offered products are manufactured using high-quality resources. Also, our connectors are famous due to their damage resistance, high performance, strongly built, and affordable prices.

Website: www.eteily.com

EVOBI AUTOMATIONS PVT. LTD. - YUDU ROBOTICS

Booth No: D-8

Profile: Evobi Automations, a leader in design engineering and OEM manufacturing, specializes in embedded design, automation robotics, IoT, and comprehensive engineering product solutions. Our focus is on delivering precision and innovation in both OEM and ODM services, ensuring effective and efficient end-to-end solutions for our clients.

Website: www.yudurobotics.com

FIND MANUFACTURING

Booth No: S-12

Profile: Find Manufacturing is an online platform that helps businesses find suitable custom manufacturers for their products and designs. It offers a comprehensive database of contract manufacturers from various industries, including electronics, plastics, metal and machinery, rubber and more. The platform aims to simplify the process of finding a manufacturer, particularly for small and medium-sized enterprises that may not have the resources to conduct extensive research on their own.

Website: <https://findingmfg.com/index>

FRIGATE MANUFACTURING

Booth No: S31

Profile: Single Point Manufacturing solution for all your needs. B2B Custom Manufacturing Consolidator with expertise across Casting, Forging, Sheet Metal Fabrication, Injection Molded Plastics and Packaging serving customers across Automotive - (OEM, Tier-1, Aftermarket Accessories) Energy, Construction, Heavy Engineering, Consumer Durables and

FMCG sectors.

Website: frigate.ai

GLONIX ELECTRONICS PRIVATE LIMITED

Booth No: S-7

Profile: At Glonix Electronics, we understand the critical role that cutting-edge electronic solutions play in empowering businesses and individuals to thrive in the modern world. With our deep expertise and unwavering dedication to excellence, we offer a comprehensive range of electronic services tailored to meet your specific needs. We are working hard to locate the electronics components around the Globe such as TI, Atmel, Micron, NXP, XILINX, On Semi, Free scale, Cypress, Maxim, Lattice, Microchip, Intel, Intersil, NSC, Analog Devices, ST Micro, Silicon Labs, etc...

Website: <https://www.glonix.in/>

GREYTHR

Booth No: K3B-4 Sqm

Profile: About greyTHR (<https://www.greythr.com/>): greyTHR is a Full-Suite HRMS, with THE most advanced Payroll and Workforce Management in India and MEA. greyTHR simplifies, expedites, and even automates complex, recurring, and yet critical functions of HR and Payroll, in a compliant and secure way. greyTHR offers productivity tools for better people management, simpler HR processes, and professional delivery of HR and Payroll services. While it has a vast portfolio of HR products, greyTHR's deep product expertise is in Administrative HR, Payroll, Workforce Management and Employee Engagement.

The platform also offers an app marketplace (to enable affinity use cases), mobile ESS, and lossless implementation. While other HR

products barely scratch the surface, greyTHR has productized deep and complex HR tasks. greyTHR software is currently used by 23,000+

Website: www.greythr.com

INFANTRON (S) PTE LTD

Booth No: S26

Profile: We are the only exclusive distributor in the Indian market" for the below products. We are the manufacturer and distributors of Jovil- Toroidal Winding Machine, Coil Winding Machine, Miles Platts -Bobbins, Micrometals - Iron Powder Core, Micrometals Arnold - Magnetic Cores, Tomita and JFE -Ferrite Cores, Join China - Nanocrystalline Cores, Transformers, Transformer Tester , Chokes, Inductors, Coils and Synflex- Insulating material, Transformer terminals, Stamped and shaped components , Electrical insulating sleeveings and cables , Electrical adhesive tapes custom magnetic components worldwide.

Website: <http://www.infantron.net/>

JBC

Booth No: J1

Profile: More than 90 years of experience have placed JBC at the technological forefront of tools for soldering and rework operations in electronics. Innovation, efficiency and reliability are the key features of a wide range of products which have been designed to satisfy the most demanding requirements of professionals. JBC is a global company with a distributor network spanning 5 continents that guarantees a solid commercial organization and quick and efficient service. The R&D department has created the most innovative soldering technologies, which JBC is proud to present. All JBC products comply with EC regulations and ESD recommendations.

Website: www.jbctools.com

JITENDER MALIK

Booth No: B4

Profile: HashStudioz Technologies is a global leader in product development, having a wide range of technology experts under the same roof. As a one-stop solution for hardware and software services, we quickly respond to businesses' on-demand needs, making us the preferred choice among competitors. Our diverse expertise spans from digital consultancy to AI-oriented app and web solutions. We have a passionate team of technology experts in IoT, blockchain, cloud, mobility, and automation. Our mission is to simplify complex issues arising from technology evolution and help companies embrace new technologies. Join us as we create successful hardware and software products, serving millions of consumers worldwide. Startup minds are also welcome to explore product feasibility and scalability with us.

Website: <https://www.hashstudioz.com/>

JSD ELECTRONICS INDIA PRIVATE LIMITED

Booth No: B 11

Profile: Leading an Innovative Electronic Revolution! JSD is a leading global technology company connecting billions of people, devices, and systems. We have driven business transformations by harnessing the power of connectivity. We design, integrate, and deliver next-gen technology products and solutions. We believe in fostering innovation and collaborating with global partners to deliver accessible data network solutions to everyone. Being the Best, for the Best Our clientele comprises leading global and domestic brands that we serve as original equipment manufacturer (OEM) as well as original design manufacturer (ODM). Healthy relationship with clients in domestic and international market, backward integration of key segments and cost-effective pricing strategy on the back of global sourcing sets us apart from our competitors.

Website: <https://jsdelectronics.co.in/>

KEYSIGHT TECHNOLOGIES INDIA PRIVATE LIMITED

Booth No: Hall 2 – Booth No. D7

Profile: Keysight delivers advanced design and validation solutions that help accelerate innovation to connect and secure the world. Keysight's dedication to speed and precision extends to software-driven insights and analytics that bring tomorrow's technology products to market faster across the development lifecycle, in design simulation, prototype validation, automated software testing, manufacturing analysis, and network performance optimization and visibility in enterprise, service provider and cloud environments. Our customers span the worldwide communications and industrial ecosystems, aerospace and defense, automotive, energy, semiconductor and general electronics. For more information about Keysight Technologies (NYSE: KEYS), visit us at www.keysight.com.

Website: www.keysight.com

KURTZ Ersa INDIA SMART PRODUCTION TECHNOLOGIES PVT. LTD.

Booth No: D1 and D2

Profile: Kurtz Ersa is the diversified machine manufacturer with a global sales and service network. As the No. 1 system supplier, the group offers the most comprehensive product range for electronics production under the brand name of "ERSA" from high-end inline systems for reflow, wave and selective soldering to paste printers, fully automated rework systems down to ultralight soldering irons and smart hand soldering stations. Our technologically leading

production systems pave the way to sustainable, energy-efficient progress for megatrends such as electromobility, 5G, digitalization and automation. Since the establishment of Kurtz Ersa India in Bangalore in 2021, our team has been growing continuously, providing presence across India. Apart from the Bangalore headquarters our engineers are based in Chennai, Pune and New Delhi. This regional availability is essential to us: we can respond to customer requirements at short notice and guarantee fast and efficient service including our regular India Technology Days according to our motto "Knowledge shared is knowledge doubled".

Website: <https://www.kurtzera.com>

KUSAM ELECTRICAL INSTRUMENTS LLP

Booth No: S-1

Profile: Kusam Electrical Instruments LLP is a 4 decades old company, serving the field of ELECTRONIC TEST & MEASURING INSTRUMENTS. The product are comparable to world class manufacturers. We have the largest range of test & measuring instruments in India Our product are exported to south east Asia & Middle East countries. We cater to the electronic industry, power industry, Engineering colleges, Polytechnics, Research institutes, Railways, Defence and many more organisation.

KYORITSU ELECTRIC INDIA PVT LTD

Booth No: C-2

Profile: Kyoritsu Electric India is one of the prominent manufacturers & suppliers of ICT Test Jigs & Function Test Jigs with highly sophisticated & modernized infrastructure for

in-house jig manufacturing, as well as for other brands like Agilent, Teradyne, Spea, TRI, OKANO, etc. Scaling-up on the portfolio of products & services offerings, Kyoritsu Electric India also offers SMT turnkey solutions, Smart Factory Automation, Component Management and ASRS and Robotics. Kyoritsu Electric India has a world-class team of highly qualified and experienced engineers, especially in the field of PCBA testing, who are well equipped with the knowledge of ICT + FCT machines application, technical & service support, pin fixture development, fabrication & debugging. We are also strongly equipped with a seasoned team leading our Robotics and Automation applications - the future of electronics smart manufacturing.

MARUTSU ELEC CO JAPAN - FIDEL

Booth No: D-11

Profile: Marutsuelec Co. Ltd. has been involved in the sales of Electronic components for more than 70 years in Japan, from 1947. well respected for many years as a semiconductor and electronic component sales company, it work with engineers who are dedicated to manufacturing in order to create new values. It works in 10 million items from more than 2900 manufactrers and supplying to thousands of customers in mainly Japan. Marutsu elec's initiatives in India: 1. Establishing a Robust Supply Chain: Marutsu aims to create a resilient supply chain for electronic components, focusing on those manufactured by Japanese companies. This strategic move seeks to streamline the availability of high-quality components in the Indian market. 2. Setting up R&D Centre and Collaborating with Local Entities: The company plans to establish a dedicated Research and Development (R&D) centre in India. Additionally, Marutsu aims to foster collaborations with Indian electronic R&D companies, fostering an environment of innovation, knowledge exchange and products designing for export. 3. Sourcing and Assembling Electronics Products for Export: Marutsu envisions the assembly and Sourcing of its products from India. This approach aligns with the company's commitment to leveraging the Indian market for both sourcing and manufacturing, contributing to the growth and development of the country's electronic industry.

MBK EQUIPMENTS & MACHINERIES

Booth No: S27

Profile: We buy and sell old machines for EMS, SMT industry

Website: www.mbkequipments.com

MECO INSTRUMENTS PVT. LTD

Booth No: D-12

Profile: MECO an ISO 9001 : 2015 certified company offering Reliable, Long - Lasting and Affordable Instruments since over six decades. Team of skilled and trained personnel equipped with complete in-house facility for design, development and manufacturing world class products with innovative features. Many of MECO Products have been designed / upgraded by our R & D Department which is recognized by Department of Scientific & Industrial Research, Ministry of Science & Technology. We hold over 37 design Patents which are registered with The Controller General of Patents, Designs and Trade Marks, Government of India. To support our manufacturing process we have SMT Pick & Place Machine, Solder Reflow Machine, Robotic Screw Fitting Machine, Dial Printing and Pad Printing Machines. Keeping pace with the requirements of various industry sectors, we have instruments in the following categories: Automotive Meters and Battery Testers, Digital Multimeters, Digital Clampmeters / Tongtesters,

Digital and Analog Insulation Testers, Environment Testing Instruments, Infrared Body Thermometers, Testing & Measuring Instruments, LCR Meters and Micro / Mili Ohm Meters, Multifunction Meters, Digital / Analog Panel Meters, Power Line Transducers, Analog Panel and Switchboard Meters, Clamp-On Earth/ Ground Resistance & Leakage Current Testers, Solar Analyzers, Power and Harmonic Analyzers, Calibrating Equipment. Every member and associate of our organization strongly believes in "GIVE THE WORLD THE BEST YOU HAVE AND THE BEST IN THE WORLD COMES BACK TO YOU"!! Thanking you and assuring you of our best services..... ALWAYS.

PCB POWER

Booth No: Booth No.: B3

Profile: Product profile : PCB Power & Mech Power. With over 25 years of expertise, PCB Power offers comprehensive PCB solutions, ranging from PCB Layout, PCB Fabrication, PCB Stencil, Component Sourcing to PCB Assembly. Serving diverse industries, our commitment to excellence is reflected in our certifications – ISO 9001:2015, ISO 13485:2016, and LCSO. Connect with us at pcb@pcbpower.com or call us at +91 7600012414. Visit pcbpower.com to place your order now. PCB Power is also pleased to announce the recent establishment of group company, Mech Power. Driven by technology and committed to revolutionizing manufacturing experiences, Mech Power focuses on design, development, and manufacturing of enclosures

and mechanical products. Our diverse range of product category include - DIN Rail Enclosures Panel Mount Enclosures 19" Rack-Mount Enclosures Desktop Enclosures Flange Mount Enclosures Handheld Enclosures. Mech Power offers Enclosure Design | 3D Printing | Injection Molding | CNC Machining | Sheet Metal Fabrication. One can also customize their designs with PowerVis, our intuitive tool allows you to bring your enclosure designs to life, providing a dynamic and immersive experience. Connect with Mech Power at sales@mechpowertech.com or call us at +91 9898412126. Visit mechpowertech.com for more information.

PILLAI COLLEGE

Booth No: S-21

Profile: Pillai College of Engineering (PCE) is one of the top Engineering colleges in India awarded with an A+ grade by NAAC and prestigious

AUTONOMOUS Status. The college is Approved by AICTE, Recognised by Govt. of Maharashtra and affiliated to University of Mumbai. PCE runs 6 branches of Engineering, i.e. Automobile Engineering, Computer Engineering, Electronics and Computer Science, Electronics and Tele-Communication, Information Technology and Mechanical Engineering. At PCE, we believe in providing a holistic education that goes beyond textbooks and lectures. Our experienced faculty members are dedicated to nurture the skills and help the student to reach to their full potential. With state-of-the-art facilities and industry-relevant curriculum, we ensure that our students are well-prepared for their future careers. The Department of Automobile Engineering offers B. Tech. programme in Automobile Engineering. This is an eight-semester course. The complete course is a 162 credit course which comprises basic sciences and mathematics, core courses, projects, internship, MOOC course and elective courses. The elective courses are distributed over 7 specializations. The specializations are Electric Vehicles, Additive Manufacturing, Motor Sports Engineering, Autonomous Vehicles, Transportation, Supply Chain Management and Logistics, Automotive Designing. Automobile Engineering at PCE attracts most of the automobile enthusiasts and is one of the most sought branch at PCE.

SMOWCODE

Booth No: C-3

Profile: Built in 2021, the Smowcode Studio is a visual coding language that reduces firmware coding time from days to minutes while retaining high performance. Smowcode is an Integrated Development Environment (IDE) supporting free extensive libraries, microcontrollers and IoT support to give coders a high speed coding software for firmware applications. The Studio supports the ESP32 microcontroller using which professionals can create smart electronic solutions for real life applications. Smowcode

is: 10 to 100x faster than C/C++, 2x faster than PLCs, 3x better code maintainability, and it takes only 3 days to learn Smowcode. Every second of a coder's time is worth years to the world users. Coding languages in IoT sector (C/C++) are slow, complex and difficult to learn.

Website: <https://smowcode.com/>

STATIC SYSTEMS PVT LTD

Booth No: E-8

Profile: India has witnessed a paradigm shift in the Electronic sector across regions and states. There has been significant focus on the Electronic Industry sector driven by the global competence. With Zeal of providing a world class solution for the Electronics Industries, Static Systems spreads its wings in the year 2002 with a motto TOTAL SOLUTIONS FOR ELECTRONIC INDUSTRIES. In this cutting edge technology Static Systems serves the top class electronics industries by providing Indian & Imported Products, Equipments & Tools etc., Constant improvising on our Products and Sales, Static Systems has been converted to a Pvt Ltd company for a better Service in the year 2004. With the prospective in our mind, we shall continually strive to obtain the ever-challenging improvements. Static Systems understand customer needs & Help customer to identify the right kind of products for their applications, provide them with best sale and after sale support. We enable electronic manufacturing/ repair industry in India get the best of inputs/ aids from well known foreign manufacturers. Static Systems has a fully equipped service network to attend service calls with minimum downtime. Our qualified engineers are dedicated to extend their exemplary servicing skills to customers on time, and we follow Japanese Kanban system which means just-in-time and every time. Our most cherished ideal is to have fully satisfied customers and hold a dominant position in the field of "Anti-Static Products & ESD Clean Room Products".

THINGSUP

Booth No: K1C Hall 1

Profile: Things is a low-code IoT platform that helps developers save their development

time and cost, not worry about deployment, and build excellent IoT applications. Thingsup Track is a Supply chain monitoring platform built using the Thingsup IoT platform. Thingsup Track helps supply chain logistic companies in Supply chain management, Cold chain monitoring, Temperature monitoring, Remote Asset monitoring, Refer VAN monitoring and Cold storage room monitoring. Thingsup Track's advanced Temperature analytics help customers save their supply chain losses, optimize operations, and monitor Supply chain KPIs. Thingsup Track - IOT Tracking Sensors help customers monitor the supply chain and logistics KPIs like Temperature, Humidity, Door position, and Energy consumption across the supply chain. Perishable supply chain monitoring helps customers track and improve the shelf life of the perishable goods. Thingsup Track is widely used in the Dairy, Food and beverages, e-groceries, and seafood industry. Launched in 2020 by parent company iobot, thingsup has users from all across the globe.

WATTS ELECTRONICS PRIVATE LIMITED

Booth No: B5

Profile: Watts Electronics Pvt. Ltd. was started in 1979 and is a leading manufacturer of high tech electronic components. We are one of the top resistor manufacturers in the country, and our products have been tested and approved for sensitive applications such as Medical Devices, Telecommunication, Instrumentation, Consumer Electronics etc. Today we have seven production lines with a capacity of over 1 billion resistors per year. With our new larger factory at the Kalamassery Industrial Estate (Kerala) we have further scope for expansion and are well prepared to meet the increasing demands of the electronics market. Watts specializes in a full range of Film Resistors, Wire Wound Resistors, Diodes, MOVs and also SMD Components such as MELF & Chip Resistors, Chip Diodes & MLCC.

THE organiser

THE EFY GROUP

Blessed to be in business since Jan of 1969, when we launched our flagship publication: Electronics For You. The opportunity to enable young techies to understand and benefit from electronics excited our founders. Since then, we have launched more magazines, e-zines, websites, social media communities and events—all around tech. But, our goal has not changed!

It remains, “To enable YOU to make informed decisions related to technology”.

Thus, despite many more mediums get added through which we communicate with our audiences, we continue to “do the same 2 things”.

The team at EFY has set for themselves the target of empowering and helping 25 million techies across the globe, by, 2025. Hence, we continue to invest heavily on growing our online communities and increasing the number of readers of our digital publications to achieve the 2025 goal.
